General information concerning patents | USPTO

Japanese patent law is based on the first-to-file principle and is mainly given force by the Patent Act (??? Tokkyoh?) of Japan. Article 2 defines an invention as "the highly advanced creation of technical ideas utilizing the law of nature".

Japanese patent law - Wikipedia

First, review the list of what can and cannot be patented and determine if your invention falls into one of those categories. Second, learn the basics of the patenting process from the materials provided by the USPTO at 800-PTO-9199 or 703-308-HELP or under "General Information." .

Patent FAQs | USPTO

Before you apply for a patent it is a good idea to search for existing patents to see if your invention already exists. Because the application itself requires legal and technical information, we also recommend that you understand the requirements and gather relevant information before beginning your application.
