Remote Control This universal remote control enables control of up to four devices. To select a device, simply select one of the device mode controls: TV, VCR, CBL, or AUX. NOTE To control this LCD-TV, don't forget to press TV button(at the top-left of the corner) once to switch back to TV mode, or the LCD-TV won't work by using the remote control.

JVC Remote is an application that connects and controls compatible JVC car receivers via Bluetooth® like a wireless remote control. This application can also display JVC car receiver's source information on the smartphone's screen, and enables the user to make an audio setting using application's easy to use graphic user interface.
